LATE FOREIGN NEWS.

Samoan Matters.

Consul-General Sewall has selected a site for the proposed American naval station on the Samoan Islands. It is on Pago Pago Bay, facing south, and is surrounded by highlands. The site is located upon a broad tract of land at the western side, and to the north of an arm of the bay. There are 121 acres in all. There is a deep water-frontage suitable for wharves and docks, and good anchorage ground. Storehouses and other necessary buildings will be erected, where a quantity of supplies will be kept on hand for use of vessels in the South

Concerning the Samoan treaty Minister Phelps recently said: "It really is not working formally at all yets At least, its influence so far is not what its provisions intend of next year. The company will it to be. As yet they are not operative; they cannot be until the Chief Justice gets here, his decision being the center and power of the simple machinery. But the mere moral influence of the treaty's provisions has kept the natives peaceful for more than a year, and that is a pretty good test.

Mind Reading Feat.

P. Alexander Johnston, the mind-reader, performed a feat in Chicago, Sept. 10, which eelipsed all similar records. He has been doing many remarkable things there and finally his manager decided to attempt the same test which resulted in the death of the well-known mittee of well-known newspaper Grand Pacific Hotel by a tortuous route, and, going to the register, selected a name. Leaving one of 40 days out as the worst weather he ever encountered, having heavy gale and sea dead ahead, the rest of the voyage clear gister they returned to the Audimained in custody of another committeeman. They bandaged his eyes securely. Johnstone instantly rushed downstairs, mounted the box of the carriage, and drove, blindfolded, to the Grand Pacific. avoiding cable-cars and thousands of vehicles on the way. He rushed to the register, turned the leaves DESHA—At Napoopoo, Hawaii. Mary Kaakopua, aged 26 years, wife of Rev. Stephen L. The deadly grip, that carried off so many people last winter, has reappeared at Wahington, notwithstanding all assertions to the contrary, and the first death from it was reported to the Health Office September 10th. The victim was 7 months old, a child who died three days ago after an illness of about one week.

Investments in Hawaii-

A dispatch from New York dated September 11th says: Levy Mayer, the Chicago lawyer who has been identified with the formation of a number of big English syndicates in this country, went to Europe He returned yesterday. He said:

"There are two companies which I represent in London, the Anglo-American Investment Company and the city of London Contract Company. The Anglo-American Investment Company has several schemes on foot, each of which is a big investment in itself. It has placed \$9,000,000 in railroads in Arizona and New Mexico, and will probably complete contracts in a few days for the purchase of three large sugar plantations in the Sandwich Islands, now

owned by a corporation in Hawaii. At Paris the proposed Sahara Railway seems popular with investors, and no less than three companies are now struggling for the honor of bankruptcy in the service of humanity on the sands of the

Mr. H. C. Davis, of St. Paul, confirms the report that the American Steel Barge Company. of Duluth, proposes to build at some point on Puget Sound, one of the largest shipbuilding plants in America, commencing work before the first of next year. The company will be prepared to not only build and equip the steamers of the McDougall steel barge, but steamers and ships of barge, but steamers and ships of all classes, from men-of-war down. The expense of putting this enterprise on its feet, says an exchange, soon as it can be done a line of steel barges will be constructed and placed in service between the North Pacific Coast and all the principal South American trans-Pacific ports. This transportation scheme is one of the most important commercial enterprises ever

attempted on the Pacific Coast. There appears to be an unpleasant collocation of disease germs in various foreign countries which are widely separated from each other.
